

Award: _____ **Name(s):** _____

Budget: Please list your anticipated, applicable, expenses to be covered by the award (flights, ground transportation, lodgings, registration / entrance fees, meals / food, materials, etc.), and save and submit as Budget. Your Name(s).

When exact figures are unknown, please strive to provide realistic estimates (for example, if flying, search several websites/airlines and choose an average amount from the three lowest fares that still meets your travel needs (reasonable dates, times and locations, number of stops, etc.). Providing overly high estimates may work against you if the selection team feels you are padding your budget while indicating amounts that are unrealistically low may result in insufficient funding to meet your needs if selected.
