

PARTNERSHIP OPPORTUNITIES

Endow a named award

\$75,000 to endow a named award. Award focus must fall under one of our pillars:

- Perspective
- Leadership
- Civic Engagement
- Service
- Adventure

Support an existing award

Donate to one of our existing awards to allow more students to be funded for these transformational experiences

Student Awards

The Caltech Y awards were established to provide Caltech students with transformative life experiences beyond their academic studies. These experiences can include; exploring their cultural heritage, pursuing a passion project, navigating a personal crossroads, or accessing unique professional development opportunities that may not otherwise be available.

These awards provide students with opportunities to explore new experiences and perspectives, enriching their educational journey.

The Hastrup Adventure Award

Beckman Political Award

Administration

- Awards are administered annually in the fall
- Committees of Board members, staff, faculty, and community members review applications
- Students may apply for one or multiple awards
- Applications include open-ended questions and detailed budget proposals
- All awards are merit-based, evaluated through applications and subsequent interviews

These newfound memories of a distant culture and the newly gained lessons from our experiences will be internalized for the rest of my life and would not have been possible without this trip and without the support of the Caltech Y and the Gunila Hastrup Adventure Award. Thank you so much to the friends and family of the Hastrups and to the Caltech Y for supporting our adventurous journey and for helping us expand the scope of our experience beyond the limits of what we have seen thus far. Because of the generosity and support of such magnanimous individuals, we got the opportunity to experience a brand new set of cultures and to make memories that we will cherish for the rest of our lives.

-Luke Zhou & Catherine Ko,
Hastrup Adventure Award 2024
